

COMPANY PROFILE

GARTECH EQUIPMENTS PVT. LTD. is situated in major industrial city, Pune in India. It has well-selected & experienced team of professionals and technicians from the field of Poultry automation. This is a very specialized sector catering to the needs of technology savvy & progressive poultry farmers. The aim of GARTECH is to continuously upgrade the technique and equipment's used by the Poultry farmer to help him achieve the best productivity.

Every Gartech product is engineered for years of dependable reliable performance by a team of professionals – who possess first-hand knowledge of the needs of the agricultural end-users.

Although, India possesses a lot of strategic advantages in terms of weather, availability of trained persons, raw material but the appropriate technology to translate these into reality was absent until Gartech entered the scene with the required techniques to bridge the gap. Gartech has convinced number of Poultry Farmers with whooping results. Today modernization is touching all aspects of industrialization; this has revolutionized each sector and brought in desirable changes and reforms within the same. These measures have benefited everyone positively. Our state of the art manufacturing facilities are located at Chale which is about 30 kms south-west of Pune with total production area currently at 60,000 sq. feet and growing. We are now the largest exporters of Poultry Equipment's from India.

We manufacture and supply a wide range of equipments to suit the Commercial Broiler, Layer, and Breeder Poultry activities.
